

Charitable Will Bequest

Your Passion, Your Legacy

Imagine a way to ensure the values and passions you hold strong today will continue to have influence tomorrow.

Canada's nature provides a home for wildlife, a haven for recreation and a vital resource for clean air and fresh water. While it's hard to imagine running out of something that seems as limitless as nature, if we don't plan today to protect our most important natural areas they might not be here for future generations.

***Help ensure a future for Canada's nature by including
the Nature Conservancy of Canada in your Will.***

The gift you plan today is an investment that will yield the highest return for nature and for generations to come.

The Nature Conservancy of Canada will always be here to protect habitats and their wildlife. You can count on our clear vision and science-based approach to achieve the best conservation results.
